SUBJECT:

DDCI Speaking Engagement, Boston Committee on Foreign Relations

The DDCI is speaking to the Boston Committee on Foreign Relations on Wednesday, 28 November, in Boston. We think that this is a worthwhile group to address, but we want to alert you to the fact that some of their members are foreign nationals. Secretary and Vice-Chairman Gary A. Spiess has told us that he can ask the foreign nationals not to attend the meeting, if you wish. In a recent conversation, he noted that the Israeli and Danish consuls in Boston belong to the group, as well as bankers who are resident aliens. Although he claims it would be awkward, Mr. Spiess is willing to ask these members to stay away. What is the DDCI's wish on this?
